Belonging
WE is one of five Employee Resource Groups, implemented as part of the firm’s diversity and inclusion strategy. As such, the emphasis is on driving change and creating a more inclusive workplace and society.

At RBC Wealth Management, we believe that diversity and inclusion are at the very core of our success—now and in the future. We strive to maintain and enhance a culture that is welcoming and supportive to everyone.

We define diversity as respecting and leveraging the differences of our:

• Workforce
• Clients
• Prospects
• Suppliers
• Communities

These differences include people from various genders, backgrounds, experiences, ethnicities, cultures, orientations and abilities. When we harness these differences and the diversity of thought associated with them, we advance an organization that makes full use of everyone’s contributions.
